Keterangan Program :

A half-day seminar was conducted for the Department of Civil Engineering, Universiti Malaya at Eastin Hotel Kuala Lumpur, Petaling Jaya. The session targeted for the participants' ability to:

- i. be aware and understand the changes/requirements of the EAC Standard 2020
- ii. explain the definition and purpose of OBE
- iii. adopt the concept of constructive alignment in OBE
- iv. understand the need to address complex engineering problems & activities in assessments
- v. ascertain the needed evidences through a commendable SAR submission towards an effective accreditation

The speaker is Assoc. Prof. Dr. Ir. Che Maznah Mat Isa from the Faculty of Civil Engineering, Universiti Teknologi MARA, Shah Alam, Selangor who is also currently serves as the Associate Director (Civil Engineering), Engineering Accreditation Department under the Board of Engineers Malaysia
