

## CURRICULUM VITAE

### A. Maklumat Peribadi

*(Personal Details)*

1. **Nama : DR. SITI RASHIDAH BT MOHD NASIR**  
*(Name)*
2. **No. Pekerja : 147015**  
*(Staff Number)*
3. **No. K/Pengenalan : 711107-10-5402**  
*(I/C Number)*
4. **Fakulti : CIVIL ENGINEERING**  
*(Faculty)*
5. **Jabatan : CONSTRUCTION BUSINESS AND PROJECT MANAGEMENT (CBPM)**  
*(Department)*

**B. Kelayakan Akademik**  
(*Academic Qualification*)

Bil	Kelayakan ( <i>Qualification</i> )	Tahun ( <i>Year</i> )	Institusi ( <i>Institution</i> )
1.	Ph.D in Civil Engineering	2011	Universiti Teknologi Malaysia (UTM)
2.	MSc Project Management	1998	University of South Wales, UK
3.	B.Eng (Hons) Civil Engineering	1994	University of Leeds, UK
4.	Diploma in Civil Engineering	1992	Universiti Teknologi MARA

**C. Keahlian Profesional**  
(*Professional Memberships*)

Bil	Keahlian ( <i>Membership</i> )	Tahun ( <i>Year</i> )	Institusi ( <i>Institution</i> )
1.	Graduate Engineer, Board of Engineers Malaysia (BEM)	1994	Board of Engineers, Malaysia
2.	Institution of Engineers, Malaysia	1998	Institution of Engineers
3	Professional Technologists	2018	Malaysia Board of Technologists

**D. Jawatan Terdahulu (jika ada)**  
(*Positions Previously Held*)

Bil	Nama Jawatan ( <i>Position</i> )	Tahun ( <i>Year</i> )	Organisasi/Majikan
1.	Coordinator of Diploma (EC111) Program, Faculty of Civil Engineering, Universiti Teknologi MARA	2003 -2005	Universiti Teknologi MARA
2.	Coordinator of Diploma dan Franchise Program, Faculty of Civil Engineering, University Teknologi MARA	2011-2013	Universiti Teknologi MARA
3.	Head Center of Studies, Construction Business and Project Management (CBPM)	2013-2017	Universiti Teknologi MARA

**PENGAJARAN**  
(TEACHING)

**A. Pembangunan Pengajaran Dan Pencapaian Yang Sangat Bererti**  
(Significant achievements and Development of Teaching)

• **Kursus yang pernah diajar**  
(Courses Taught)

1. Construction Project Management ECM566
2. Technology Entrepreneurship ENT600
3. Project Quality ECM571
4. Construction Technology ECM576/446

• **Penilaian**  
(assessment)

Inisiatif ( <i>Initiative</i> )
<ul style="list-style-type: none"><li>- Vetting examination questions for Diploma in Civil Engineering (EC110)</li><li>- Vetting examination questions for BEng Civil Engineering (EC220) programme</li><li>- Vetting examination questions for BEng Civil Engineering Infrastructure (EC221)</li><li>- Vetting examination questions for MSc Construction Engineering (EC705)</li><li>- Coordinate syndicated marking to ensure lecturers teach and assess students appropriately</li><li>- Organising and Coordinating assessment of syllabus for BEng and MSc program between Resource Person and Industry panels.</li><li>- Appointed as Supervisor and panel evaluator for final year Bachelor degree project 1 &amp; 2</li><li>- Appointed as Supervisor and panel assessor for Dissertation Master in Coursework programme (ECD728)</li><li>- Appointed as Panel expert for Research Methodology for Defence Research Proposal for PhD and MSc students</li><li>- Appointed as Viva Internal examiner for MSc students</li><li>- Appointed as panel for Post Graduate Colloquium for MSc in Highway Engineering programme (Coursework)</li><li>- Assessing Course Files of FCE lecturers for every semesters</li></ul>

**B. Tugas Pengajaran Formal (diploma, degree, post degree)**  
(Formal Teaching Contact)

Pengajaran formal tidak termasuk melalui penyampaian secara fleksibel/ jarakjauh/intensif/cara klinikal (dalam tempoh lima (5) tahun terakhir).

(Formal Teaching Contact excluding contact in flexible delivery/distance/intensive/clinical mode)

(Isikan jam kerja sebenar yang diperuntukkan)

Tahun Semester (Year/ semester)	Nama dan Kod Kursus (Course code & Name)	Mata Kredit/ Units (Credit Points/ Units)	Jumlah jam kuliah formal per semester tidak termasuk masa persediaan (Your total formal classroom contact hours per semester. Do not include preparation time)	<b>Nota</b> Termasuk Data yang berkaitan seperti saiz kelas dan mod pengajaran yang digunakan (Lecture, seminar, tutorial, amali, makmal klinikal dll) Jika 'team teaching' senaraikan peranan dan peratus sumbangan. (Note: Include relevant data on class size and mode of teaching. If you team teach, list role and percentage contribution)

**A. Penyelidikan**  
(Research)

1. Tema Utama Penyelidikan dan Perkembangannya (termasuk yang sedang dijalankan dan yang baru selesai)  
(Major Research Themes and progress (including current and recent project))

Sila berikan satu penjelasan ringkas tidak lebih dari dua paragraf mengenai tema-tema utama/bidang penyelidikan yang anda terlibat.

(Provide a brief summary of no more than two paragraphs of major themes/areas of research in which you are involved)

<b>Tema-tema Utama Penyelidikan (Major Research Themes)</b>
<p><b>Industrial Building System (IBS)</b></p> <p>Research focuses on supply chain management practices, the logistic management and transportation performance issues and challenges faced by Malaysian IBS manufacturers. Research is also conducted to identify approaches that could improve project performance through early involvement of IBS manufacturer in construction projects. The findings of this research could provide some new insights on improving IBS supply chain management practices and the suitable procurement methods for IBS construction projects.</p> <p>(on-going)</p>
<p><b>Flood Disaster Management</b></p> <p>Flood occurrence has become national issues as it threatens life, properties and disrupts social and economic activities. In Malaysia, more than 85 water basins were identified as prone to flood. Although flood is frequently occurred and the most severe of all disasters in Malaysia, the awareness and preparedness of communities in facing flood are considered low. Often it brings greatest damage to the flood victims as they do not well prepared in facing flood. Initial stage of this research compases of community awareness on flood preparedness and perspective of local authority on flash flood in urban area.</p> <p>In pursuing this research theme, future research topic will consider the flood preparedness for children in primary and secondary education level. This will focus on developing flood preparedness modules that can be shared and educate among the children who lives in flood prone area. The research will involve agencies such as NADMA and few international universities that has the experience involves in the flood preparedness.</p> <p>(2 nos. of researches has been completed and currently preparing for APEC research grant)</p>
<p><b>Project Success</b></p> <p>The success of construction projects is an important issue for most governments, construction's participants and users. In modern construction projects, there are significant challenges for both clients and contractors to deliver the project successfully due to increasing complexity in design and the involvement of stakeholders. In project management literature, project success has been widely discussed by many researchers. Most of the studies in project success have been focused on</p>

measurement criteria and other specific factors influencing the project success.

To date, few topics has been conducted and papers have been published which encompasses topic such as critical success factors for residential in urban area in Malaysia and public school projects. Further researches will be conducted in studying the barriers of project success and the development of model in determining the performance of construction project and its success.
