

PEO ANALYSIS

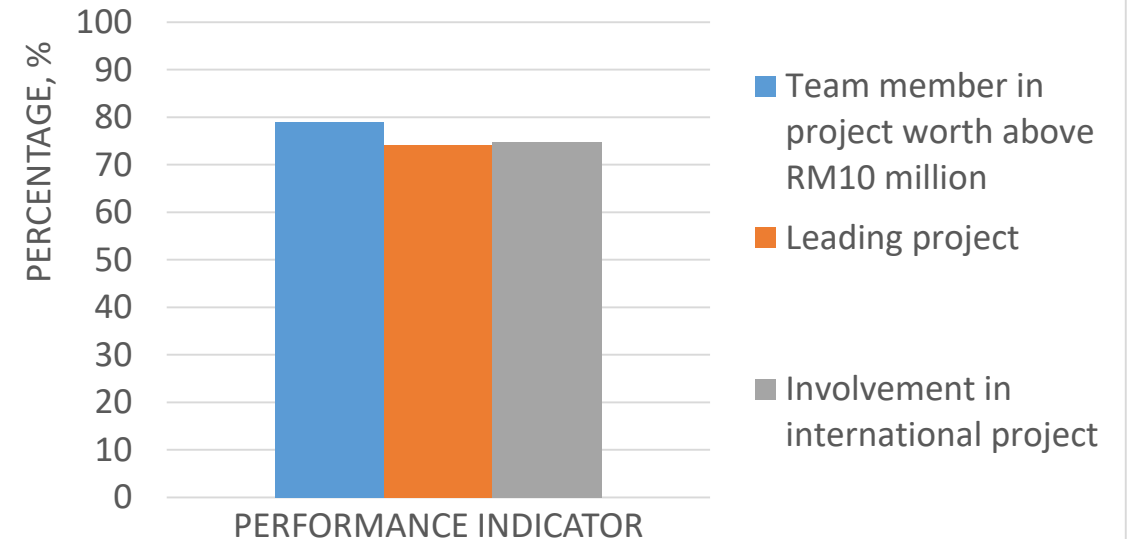

ALUMNI SURVEY 2018

PEO 1 ANALYSIS (ALUMNI SURVEY 2018)

PEO 1 : Survey Alumni 2018 : Demonstrate a high level of competency in their engineering practices within the global boundaries (3 to 5 years)

PEO 1 : Survey Alumni 2018 : Demonstrate a high level of competency in their engineering practices within the global boundaries (overall survey)

Performance Indicator:

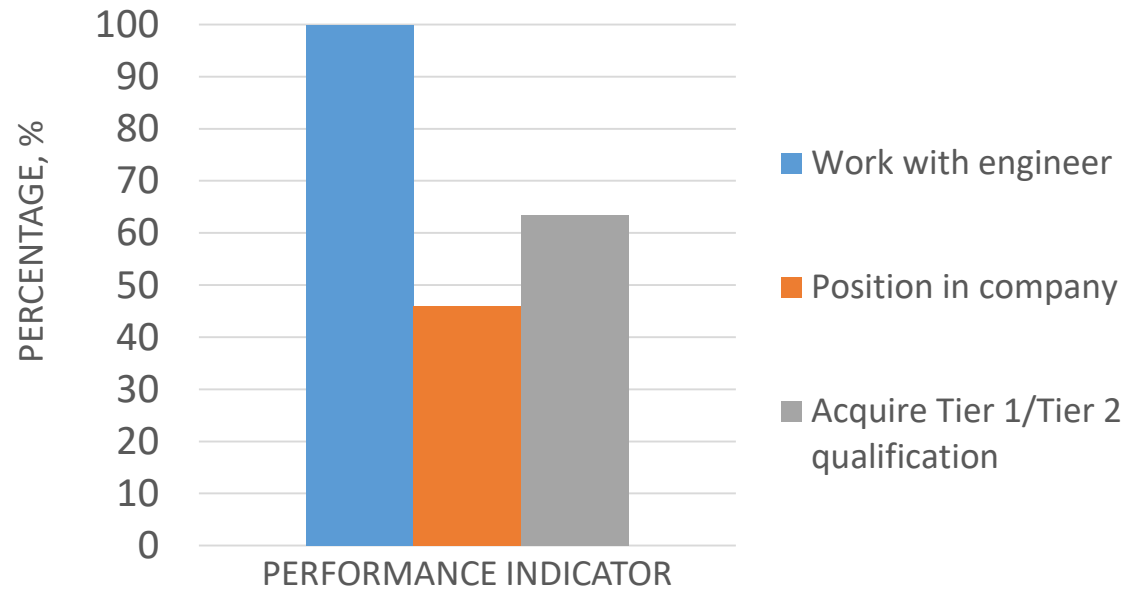

PI1: 60% of FCE graduates become a team member in a multi disciplinary project

PI2: 40% of FCE graduates lead project

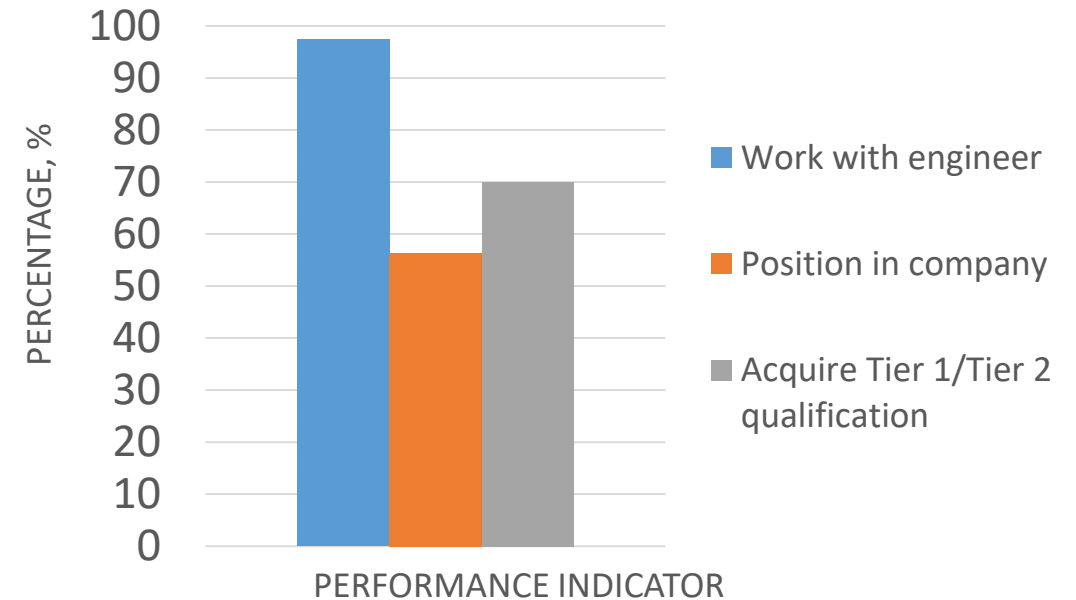

PI3: 50% of FCE graduates involve in integrated or international project

PEO 2 ANALYSIS (ALUMNI SURVEY 2018)

PEO 2 : Survey Alumni 2018 : Practice the engineering profession based on sound principle and ethics with consideration of sustainability (3 to 5 years)

PEO 2 : Survey Alumni 2018 : Practice the engineering profession based on sound principle and ethics with consideration of sustainability (overall survey)

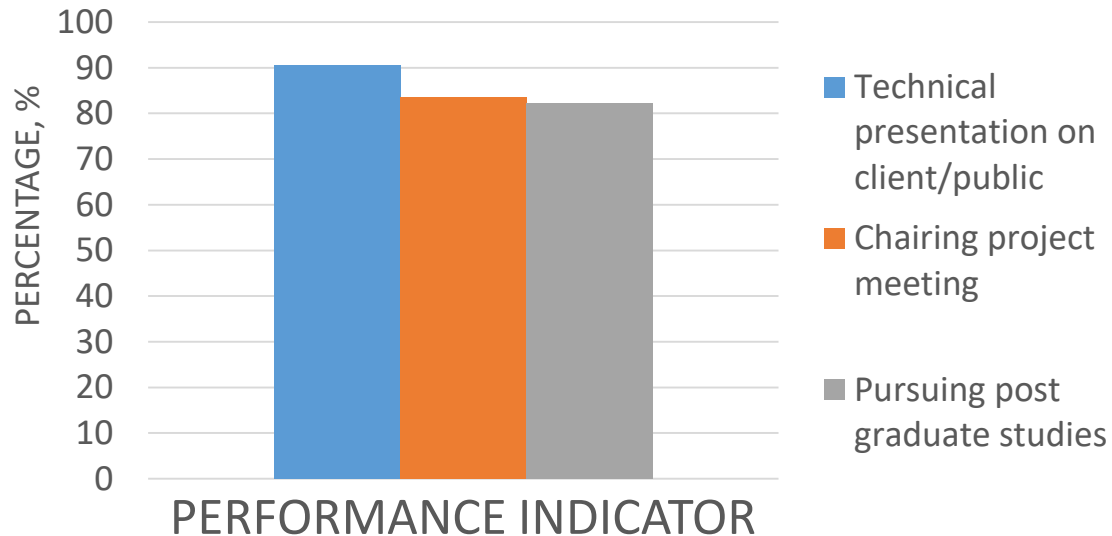

Performance Indicator:

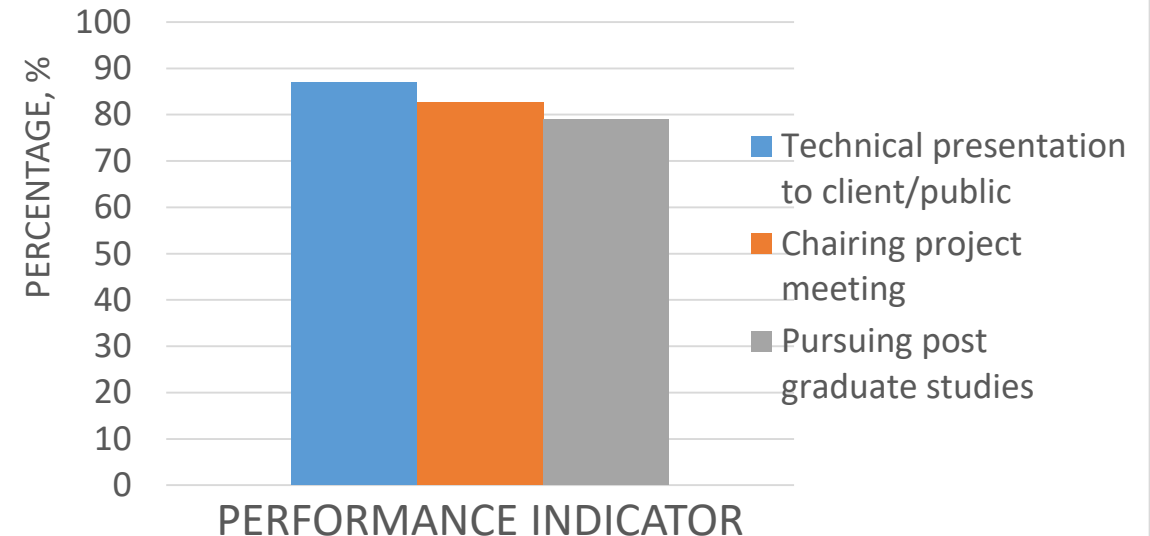

- PI1: 60% of FCE graduates working with engineering or related company**
- PI2: 40% of FCE graduates hold position as team member and above**
- PI3: 40% of FCE graduates acquire Tier 1/Tier 2 qualification**

PEO 3 ANALYSIS (ALUMNI SURVEY 2018)

PEO 3 : Survey Alumni 2018 Demonstrate communication and leadership skills while recognizing the need for life-long learning for successful career development (3 to 5 years)

PEO 3 : Survey Alumni 2018: Demonstrate communication and leadership skills while recognizing the need for life-long learning for successful career development (overall survey)

Performance Indicator:

PI1: 40% FCE graduates have performed technical presentation to client

PI2: 40% FCE graduate have chaired project meeting

PI3: 40% FCE graduate pursue post graduate studies
